International Workshop on Ultracold Group II Atoms

mercredi 24 février 2016

Session 6 (14:30 - 16:00)

time	[id] title	presenter
14:30	[60] Ultracold fermionic ytterbium with strong interactions in optical lattices	FÖLLING, Simon
15:00	[20] Atom interferometry with ultra-cold strontium atoms	Dr POLI, Nicola
15:30	[43] Atom Interferometry with Group II Atoms for Gravitational Wave Detection	HOGAN, Jason
