

# International Workshop on Ultracold Group II Atoms

## lundi 22 février 2016

### Session 2 (14:30 - 16:00)

time	[id] title	presenter
14:30	[13] Studies of Cold strontium atoms in an optical cavity	Dr THOMSEN, Jan W.
15:00	[11] Collective atom counting and first lasing on a millihertz linewidth optical transition	Prof. THOMPSON, James
15:30	[38] Cooperative transmission in an optically dense medium on the strontium intercombination line	Dr WILKOWSKI, david
