

Simulating the evolution and emission of relativistic outflows

vendredi 29 novembre 2019

X-ray/gamma-ray binaries - jet and emission models (14:00 - 15:20)

time	[id] title	presenter
14:00	[20] The internal shock model applied to X-ray binaries.	MALZAC, Julien
14:30	[21] An Accretion-Ejection Paradigm for Compact Objects	PETRUCCI, Pierre-Olivier
15:00	[27] Dynamical effects of radiative losses in high-mass microquasars	CHARLET, Arthur
