

# Simulating the evolution and emission of relativistic outflows

## Friday, November 29, 2019

### X-ray/gamma-ray binaries - jet and emission models (2:00 PM - 3:20 PM)

time	[id] title	presenter
2:00 PM	[20] The internal shock model applied to X-ray binaries.	MALZAC, Julien
2:30 PM	[21] An Accretion-Ejection Paradigm for Compact Objects	PETRUCCI, Pierre-Olivier
3:00 PM	[27] Dynamical effects of radiative losses in high-mass microquasars	CHARLET, Arthur
