

# Activities and Status of the SPDF Archive for the Past Year

*Tuesday, October 20, 2020 2:30 PM (3 minutes)*

The SPDF archive has added GOLD, Parker Solar Probe and Solar Orbiter data in the past year and is working on ICON data and final data from Van Allen Probes. We present the various activities from the past year and current status.

## Open access

I authorise the IHDEA to openly distribute my presentation material.

## Abstract

I accept that the content of my abstract is present in the book of abstracts.

## Online Material

I give my consent to share my material with the conference participants.
