

Session Program

Oct 22 - 24, 2018

Wavefront sensing and control in the VLT/ELT era, 3rd edition

Wide Field Adaptive Optics

Paris, Amphithéâtre Turing
Université Paris Diderot Bâtiment Sophie Germain, niveau -1 8 place Aurélie Nemours - 75013 Paris

Mon, October 22

4:40 PM

Wide Field Adaptive Optics

Session |

Location: Paris, Amphithéâtre Turing, Université Paris Diderot Bâtiment Sophie Germain, niveau -1 8 place Aurélie

Room: 75013-Paris Morris

4:40 - 5:00 PM

Deep observations with an ELT in the Global Multi Conjugated Adaptive Optics perspective

Speaker

Dr Elisa Portaluri

5:00 - 5:20 PM

MAORY LO sensors control strategy and sky coverage assessment

Speaker

Dr Cedric Plantet

5:20 - 5:40 PM

MAVIS AO, promises and challenges

Speaker

Dr Francois Rigaut

5:40 PM
