

# International Workshop On Comets In Honor of Hans Rickman

## mercredi 18 mai 2016

### The physics of comets - Amphitheater Building 18 (12:00 - 12:45)

-Présidents de session: Nicolas Biver

time	[id] title	presenter
12:00	[6] Comets as collisional fragments of larger planetesimals	Dr MORBIDELLI, alessandro

### The physics of comets - Amphitheater Building 18 (14:15 - 15:45)

-Présidents de session: Małgorzata Królikowska

time	[id] title	presenter
14:15	[15] A concurrent comet and TNO formation scenario	Dr DAVIDSSON, Bjorn
15:00	[12] The chemical diversity and isotopic ratio in comets	BIVER, Nicolas

### The physics of comets - Amphitheater Building 18 (16:15 - 17:45)

-Présidents de session: Małgorzata Królikowska

time	[id] title	presenter
16:15	[24] Surface properties of small icy bodies	BARUCCI, Maria Antonietta
17:00	[17] Anisotropic gas emission and non-uniform density distribution in a cometary coma	SZUTOWICZ, Slawomira
